ProAmica - hospital booking service

Often people who do not have any form of private health insurance would like to consider private treatment but are worried about the cost and how to arrange the whole process. We can help. Using our experience and expertise in arranging medical procedures for our insured clients we are able to cut through this sometimes difficult task.

We have agreements in place with over 400 UK hospitals and clinics, and hold a database of over 200,000 UK listed Medical Consultants so we are familiar with the whole process of hospital and consultant care.

Costs can vary dramatically for similar procedures in neighbouring hospitals. In addition costs can vary substantially even between consultants who have admitting rights to the same hospital facilities, so having a company such as ProAmica to help guide you through the process can be invaluable.

The following table gives an example of how treatment costs can vary regionally compared to our special pricing structure with selected hospitals.

Hospital Location	Treatment	Approximate Cost
Central London	Hip Replacement	£15,000.00
Local UK	Hip Replacement	£13,000.00
First Choice*	Hip Replacement	£11,000.00

*This is a hospital where, due to the special relationship between ProAmica and the hospital, we are able to benefit from lower costs for treatment provided to our health insurance policy holders and members of the hospital booking service. The prices are not fixed and may vary from those shown.

For ProAmica Corporate clients

Our hospital booking service may be available as an integral part of your ProAmica corporate scheme. If you are a member of a ProAmica corporate scheme please check your Certificate of Cover or Members' Booklet for details.

Using the Hospital Booking Service

To use the service you simply become a member of the booking service. This service is available for individuals, groups, associations or companies who have subscribed to the service. No charge is made for the service at the point of use.

A member may contact one of our team with information about a condition and/or the procedure they require. Where the member is uncertain about where to go for treatment or is unsure about which consultant to use, ProAmica may be able to provide some guidance on available facilities**. We would then negotiate the cost with the hospital or provider of service. If acceptable to the member we would arrange the booking and payment for the treatment.

After we have arranged the booking and fixed the price with the hospital, we will advise the member and specify when the payment for the treatment has to be made.

We will usually collect the payment for the treatment from the member prior to treatment and will hold it in a designated client account until the payment is due.

Using the buying power of a large organisation we are able to arrange treatment at lower cost than an individual might. That saving is passed on to the member. This may save the member £1,000's in some situations, however, we cannot guarantee that a saving will be made in every case.

ProAmica's telephone lines for the service are available Monday to Friday 8.45am to 5.15pm, excluding Bank Holidays.

**Please note that ProAmica do not act as a representative of the provider of medical service or procedure.

Availability of the service

Any individual, group, organisation, association or company may apply to ProAmica for the service. An annual charge, payable monthly by direct debit is levied dependent on the number of members the service is made available to. The minimum contract term is 12 months.

Liability

Any issue of liability should things not work as expected rests solely with the providers of the treatment and not with ProAmica.
